

City Hall ESSENTIALS

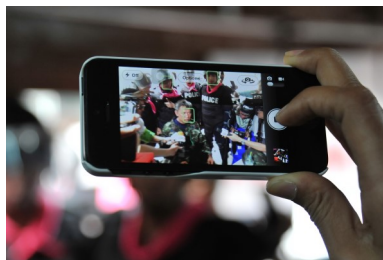

*Municipal training...
because informed officials
make better decisions.*

Freedom Audits

for Police Departments, Public Safety units (Fire, EMS, Emergency Mgt),
City Hall Administrators and Staff, County Officials & Municipal Lawyers

In the age of smart phone video cameras and social media, our Police Departments, Fire Departments and City Halls are being tested like never before. This seminar is designed to empower municipal personnel to anticipate, prepare for, and skillfully handle situations in which citizens are purposefully putting the exercise of certain freedoms to the test. Activists and journalists increasingly stage confrontational situations to gauge how the government responds. Through participation in this event, city officials can learn about the rights that are involved, gain an understanding of the legal parameters, and learn best practices for successfully coping with these challenges.

- **1st Amendment:** the right to speak, photograph, audio record and video record
- **2nd Amendment:** the right to openly bear arms in public, including long rifles
- **Records:** the freedom of information requests that are undercover sting operations
- **Demonstrations:** the right to assemble, march, protest and rally
- **Social Media:** the right to reply or post objectionable info on a municipal forum
- **Meetings:** the right to assemble and speak at public meetings

Thursday, May 28, 2020 8:30 a.m. - 4:30 p.m.
Bastrop Convention & Exhibit Center, Bastrop TX
